

Another exclusive CHIMERA innovation, Lanterns serve well as a central soft light for round-table interviews and for filling interior shooting spaces with soft, ambient light.

Lanterns can be used with strobes or continuous light sources and can be set up on any Speed Ring from the Strobe or Video PRO Bank category. For maximum effectiveness use with a “bare bulb” type lighting instrument.

The unique Pancake Lanterns, with innovative, removable, zipper-panel skirt (optional), offers great possibilities for fine-tuning light fall-off.

Lanterns						
Size	Front Dimensions		Depth		With Skirt	
	in	cm	in	cm	Item #	Retail (USD)
